

MIAMI HARBOR

An aerial photograph of Miami Harbor. In the foreground, a large port area is filled with stacks of colorful shipping containers (red, blue, green, yellow) and several large gantry cranes. A container ship is docked at a pier. In the middle ground, a large blue container ship is moving through the water, leaving a white wake. Another smaller ship is visible further back. The background features a city skyline with several tall skyscrapers, including one with a distinctive orange facade. The water is a deep blue, and the sky is clear.
